TO AVOID ARREST.

Otto Stoll Charged With Embezzlement by His Employers, Disappears.

HAMMOND, Ind., Feb. 25.—Otto Stoll, a young German employed by F. Kanzman, has skipped to avoid arrest on a charge of embezzling more than \$200 from his employer. Various other little affairs aggregate a total shortage estimated at \$500 are charged to him.

West Bank Robbery Case.

SOUTH BEND, Ind., Feb. 24.—In the George West bank robbery case, the jury, after deliberating 24 hours, failed to agree and was discharged. West was charged with having robbed the South Bend National bank of \$15,600 in December, 1892. He is now serving a term in the Michigan City prison for a similar offense.

BRIEF NOTES.

The court has ordered the plant of the Anderson (Ind.) Bicycle company sold.

Memorial services will be held next Sunday in Wabash, Ind., in honor of the late Francis Willard.

Reuben Foster, one of the oldest employees of the Big Four at Delaware, O., is mysteriously missing.

B. F. Clarke, an old man and switch-lighter, was instantly killed at Augusta, Ky., by an express train.

The residence of L. J. Wetherup of Lawrenceburg, Ky., with contents, was destroyed by fire. Loss, \$7,000.

Mr. and Mrs. H. Walker Winslow of Fairmount, Ind., have celebrated the 50th anniversary of their marriage.

Frank S. Dickey, eminent commander of the Masonic lodge at Chillicothe, O., is suffering from a paralytic stroke.

Miss Gertrude Tinker of Akron, O., while out with a botany class, became poisoned with ivy, from the effects of which she died.

Fifty farmers in the vicinity of Wabash, Ind., have signed contracts to raise 300 acres of tomatoes for a canning factory the coming summer.

W. B. Cooley of Hartford City, Ind., owns an oil well that has been flowing steadily for seven years. Last month it produced 1,270 barrels.

Reported Interviews Untrue.

Evenly the president of the court of inquiry is fearful of the effect upon the public of ill-judged attempts to account for the destruction of the Maine, for he has telegraphed Secretary Long as follows: "Any reported interview with divers untrue. Every precaution has been taken. Officer always present."

This brief statement disposes of all the allegations that have been made pro and con as to the blowing up of the forward magazine.

The officers are still thinking of Captain Sigsbee's request to be furnished with the plans of the Maine's section through the magazines and coal bunker pockets. The reference to the latter is particularly interesting and leads to a desire to be informed on the exact quantity and quality of the coal supplied at the time of the explosion. All of this has to do with the spontaneous combustion theory, as the bunkers about on the magazines and might have set off even the safe brown powder, if the latter was exposed to a degree of heat above 600 degrees for some time.

The request besides may show that Captain Sigsbee is not yet satisfied as to the cause of the explosion, notwithstanding the expressions that have been attributed to him by unauthorized persons.

EIGHTY-FIVE MISSING.

Probably Many of the Maine's Men Were Blown to Atoms.

HAVANA, Feb. 24.—Chaplain Chidwick has received a communication from Mrs. J. P. Keen, of 603 Blue Island avenue, Chicago, asking news of Edward F. Keen, her son. It seems certain that he is among the victims. Chaplain Chidwick says that the total number of missing is 85 or 86, and five had died in the hospital. Of the missing, many doubtless were blown to atoms, no portions of their bodies being recoverable, and there is much doubt that any considerable number of those whose remains are now being removed, will be identified.

Thus far the sharks have given no trouble, but the vultures have left scarcely anything but the skeletons of three men who were entangled in debris very near the surface of the water. The bodies were not noticed by any one until the foul birds had completed their ghastly work. From the hand of one, Chaplain Chidwick removed a deeply chased gold ring for purposes of identification.

A large quantity of clothing has been taken from the wrecked Maine. After it has been disinfected it will be given to the reconditioners. The bodies of the missing officers, Lieutenant Jenkins and Assistant Engineer Merritt, have not been recovered. The divers searched the former's room, but it was found that his body was not there.

Consul General Lee, who has received a number of dispatches inquiring as to the accuracy of the report that he is arranging to go to Key West on the torpedo boat Cushing to meet Senator Proctor, says he has no present intention of doing so. Yesterday was the quietest since the explosion.

It is the result of rational thought and study applied to medicine. It has been prescribed by Dr. Pierce for over 30 years. It has made thousands of women healthy and happy, and has brought joy to thousands of homes.

In "female weakness" it acts directly and strongly in healing and strengthening the parts that are most severely tried. It clears out impurities and promotes regularity at all times.

Assistant Secretary Day's Death.

WASHINGTON, Feb. 24.—Assistant Secretary of State Day denied an interview attributed to him in which he was reported to have said that the Americans in Havana were in great danger and that General Lee had been quite

the city. "I have not had any intimation that General Lee had given the Americans in Havana any such advice," said Secretary Day, "and I have not discussed the matter with any one."

PREPARING FOR WAR.

Every Preparation Possible Being Made at Key West.

KEY WEST, Feb. 24.—Great activity and secrecy prevails in naval circles here. Every preparation possible is being made for war. The New York and Iowa are anchored off Key West about six miles. Other ships of the squadron are at Dry Tortugas, 65 miles out. The decks of all are cleared for action, and they could go into an engagement on five minutes' notice.

The survivors of the Maine explosion are all doing well.

Admiral Sicard visits Key West daily and keeps in close cable connection with Washington.

Colonel Cochran's Orders.

CINCINNATI, Feb. 24.—The local military bodies and the regulars at Fort Thomas are in readiness for any emergency. So grave is the situation that special orders have issued within the past few hours and everything indicates that a crisis is at hand. Colonel Cochran of Fort Thomas has issued a general order to his troops, instructing each man to supply himself with 150 rounds of ammunition. Heretofore the men have only had 100 rounds, and the increase is regarded as significant.

Chief Crownshield's Haste.

TAMPA, Fla., Feb. 24.—The Montgomery arrived here yesterday from San Domingo direct with Chief Crownshield of the bureau of navigation on board, who at once left for Washington. Chief Crownshield refused to say anything about his trip or his haste. Captain Converse said he had orders to go to Key West, and at once took on a supply of coal and water. The cruiser will probably sail today.

Orders Received at Fort Leavenworth.

LEAVENWORTH, Kan., Feb. 24.—A state of tension exists at Fort Leavenworth, caused by the receipt of telegraphic orders to have the entire command in readiness to move at 24 hours' notice.

Preparations have been completed for any emergency, and it is stated that the infantry and cavalry can be moved on six hours' notice.

Signed the Resolution.

WASHINGTON, Feb. 24.—The president has signed the resolution of congress appropriating \$200,000 for the work necessary for the recovery of the remains of the officers and property from the wreck of the Maine.

FRANCIS WILLARD.

Body of the Late Temperance Advocate Laid at Rest.

CHICAGO, Feb. 24.—The remains of Miss Francis E. Willard, the late president of the world's W. C. T. U., lay in state at Willard hall in the Womans' Temple from noon until last evening. Thousands of people viewed the remains during that time. Later the casket was escorted to "Rest Cottage," Evanston, Miss. Willard's home. Students at the Northwestern university acted as a guard of honor and as pall-bearers.

This morning at nine o'clock private services were held at "Rest Cottage." The body was taken to the First M. E. church, of Evanston, where the last tribute was paid to the dead temperance leader. The interment took place at Rose Hill cemetery.

CONDITION CRITICAL.

Physicians in Constant Attendance on Mrs. W. C. Whitney.

AIKEN, S. C., Feb. 24.—The condition of Mrs. William C. Whitney, who was thrown from her horse while following the hounds, is serious. Evidence of paralysis has set in. The best medical attention to be had is present. Dr. William T. Ball and Dr. Valentine Mott of New York are present. Dr. Bull arrived on a special train from New York yesterday and announced Mrs. Whitney's condition critical.

Senate and House.

WASHINGTON, Feb. 24.—While the senate had under consideration the diplomatic and consular appropriation bill yesterday, Senator Allen (Neb.) offered an amendment a Cuban belligerent rights resolution. It caused a debate of nearly four hours and was then ruled out on a point of order, from which Mr. Allen appealed, but the chair was sustained by a vote of 51 to 5. The house had up for amendment the sundry civil appropriation bill. The bill was amended by striking out the clause appropriating \$75,000 for the detection of illicit distillers.

TO SERVE HIS SENTENCE.

John D. Hart, President of a Steamship Company, Taken to Penitentiary.

PHILADELPHIA, Feb. 24.—John D. Hart, president of the Hart Steamship company, has been taken to the eastern penitentiary to serve the sentence imposed upon him a year ago by Judge Butler in the United States district court. Hart was at that time convicted of aiding a Cuban filibustering expedition on the steamer Laurana and was sentenced to an imprisonment of two years and to pay a fine of \$500 and the costs of the trial.

CHURCH FESTIVAL ACCIDENT.

Chandler Falls and One Young Lady Is Fatally Burned.

LEWISTON, Ills., Feb. 24.—During revival services at the Second Christian church here a chandelier of six kerosene lamps fell, causing a panic. Lulu Kincaid, aged 16, was saturated with oil from the broken lamps, and was fatally burned. Several other persons were severely injured in the wild scramble to escape from the building.

ONE KILLED.

Collision Between a Trolleycar and Freight Train.

CHICAGO, Feb. 24.—In a collision between a trolleycar and a freight train on the Chicago and Grand Trunk road at Ashland avenue and Forty-third street, Motorman Henry Fritz was instantly killed and two passengers, John Finnegan and Mrs. McClarence, were seriously injured. Five other passengers on the electric car were badly shaken up.

WIRE NOTES.

The exportable surplus of the wheat yield of Australia is estimated at 19,000 tons.

Rev. H. A. Slaughter of St. Joseph, Mo., was held up by footpads and robbed of \$500.

Seven women are reported having been killed in recent forest fires in Fairfield county, S. C.

The Western league ball magnates in session at Kansas City have decided to open the ball season about April 20.

The state of Kansas has refunded all its outstanding state bonds, except \$25,000 and sold them to the state school fund.

Charles Cobbold Pomroy, New York banker, is dead of heart disease, aged 65. When a young man he studied law in Cincinnati.

Mary Kauwitzky of Nebraska City, Neb., shot her father in the head while he was asleep. He was a drunkard and his abuse of his family is thought to have driven the girl insane.

To Investigate General Axline.

COLUMBUS, O., Feb. 24.—Senator Finck will introduce a resolution providing for an investigation by a senatorial committee of the adjutant general's department. General Axline is charged with expenditure of public funds and usurpation of authority. The charges are preferred by Colonel Colt, whose quarrel with the adjutant general's department has been fully aired in the press.

Died in Florida.

ZANESVILLE, O., Feb. 24.—John Gaines, postmaster of this city, is dead at St. Augustine, Fla., from the effects of a sudden stroke of paralysis.

M. ZOLA CONVICTED

Graphic Description of the Closing Scene of the Trial.

"VICTIM OF MOB VIOLENCE."

Novelist Apparently Indifferent as to His Fate—Many of His Friends Delighted at the Result—He Is Sentenced to One Year's Imprisonment and Fined 3,000 Francs.

PARIS, Feb. 24.—The Zola trial is ended. The jury agreed days ahead on the verdict and its unanimity was due to threats. It stayed in the jury room for a few minutes, and the sentence is one year for M. Zola and four months for M. Perrenx, and a fine of 300 francs for each, the nominal director of The Auvergne.

The hour was 7 o'clock last evening and the court was lighted by electricity, which revealed the face of every person.

A very striking object, "Christ Crucified," hung high behind the bench. Maitre Laborie ended his speech by saying: "The name of Pilate is the most abhorred in history."

It stayed in the jury room for a few minutes, and the sentence is one year for M. Zola and four months for M. Perrenx, and a fine of 300 francs for each, the nominal director of The Auvergne.

The hour was 7 o'clock last evening and the court was lighted by electricity, which revealed the face of every person.

Among the many distinguished people attending the convention are: Bishop M. E. Baldwin of Huron, Dr. Edmund Buckley of Chicago, Rev. Dr. D. J. Bell of New York, Rev. Dr. Francis E. Clark of the society of Christian Endeavor, Bishop T. U. Dudley of Kentucky, Rev. Dr. J. T. Gracey, president of the International Missionary union; President Charles C. Hall of New York, Bishop W. A. Leonard of Ohio, Bishop N. X. Ninde of the Epworth League and others equally as prominent, besides missionaries from every quarter of the globe.

DR. D. J. BELL.

DREAM CAME TRUE.

Married the Woman Who Appeared to Him in a Vision.

BROADHEAD, Ky., Feb. 24.—John Roberts was married yesterday to Miss Eliza Ann Woodall. Twenty-three years ago Roberts, who then lived in Illinois, dreamed one night that he saw a small boy and a woman drive up to his place in a buggy. The next day his wife died. Fourteen years after he removed to Kentucky, and a few weeks ago, while standing on Jerry Frith's platform here, a buggy was driven up by a small boy and a woman was in the vehicle.

The figure of Christ caught Zola's eye. After sentence had been passed with pompous decorum he exclaimed:

"Today associated with Christ, I too, am a victim of mob violence, of the cowardice and avarice miscarriage of justice." But he did not wince nor flinch. He looked as indifferent as a mere spectator. Miss Zola's devoted

heart was broken; but when she felt that she must brace herself up to rise to the height of Zola's grand situation, she became calm and self-possessed. His friends, the artists, Bruner and Desmeulin, were more broken-hearted than she. They have daily accompanied Zola, protecting him from mob violence. M. Laborie was also greatly upset.

William Swanson of Sharp's Mills, Ind., was robbed of \$500 and advertised for bloodhounds. His son, who had stolen the money, became alarmed and left home. He was captured in St. Louis.

WIRE TRUST.

Likely to Become an Accomplished Fact This Week.

PITTSBURG, Feb. 24.—The much talked of wire trust will likely become an accomplished fact before the end of the week. A meeting of the Wire and Nail association is being held today. At this meeting the consolidation question is being thoroughly discussed and final action on the part of the members of the association may be taken. It is expected that this action will be favorable. After the association meeting another meeting of the committee which has charge of the work of the consolidation all through will be held when some decisive action is expected by those who are familiar with the details of the arrangements.

This great trust, which will be known as the American Steel and Wire company, is capitalized at \$7,000,000.

The plan of the consolidation is to buy up all the wire plants in the country and incidentally secure a number of furnaces and steel mills so that the company can purchase its finished material right from the ore.

WEATHER.

Indiana—Partly cloudy weather, coldest in southern portions.

Probably Many of the Maine's Men Were Blown to Atoms.

A REDUCTION ALL ALONG THE LINE.

The success that we have met with by reducing the price of our cabinet photographs to one dollar per dozen, has determined us to continue for thirty or sixty days longer, making cabinets on glossy paper equal in style, finish and durability to those made by other photographers at a much higher price.

We have also determined to make the platinum or dead finish cabinet photos (by some called carbonettes) at \$2.00 to \$2.50 per dozen and guarantee them to be equal to any made in Seymour at \$3.50 to \$4.00 per dozen.

Don't be deceived by the cry of cheap materials and work, for we all use the same kind of printing paper, and tone in the same kind of gold and silver on platinum baths. Wash our prints in the same kind of water and card and burnish them in the same way. We desire to call attention to our new velvet gloss cabinets at \$1.50 per dozen that by many are preferred to the higher priced platinum. We invite you to call and examine our work and then if you desire to pay higher prices for no better work, it is your privilege to do so.

THE DAILY REPUBLICAN

VOLUME XXII--NO. 99.

SEYMORE, INDIANA, THURSDAY EVENING, FEBRUARY 24, 1898.

PRICE TWO CENTS

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pill. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine."
